## Description

This Sun Fast 3600 was launched in August 2016 and has been specifically setup for double-handed offshore yacht racing, is available for sale with the full factory warranty of 5 years and handover after the completion of the 2016 Melbourne to Hobart Race.

With two Sun Fast 3600's and a Sun Fast 3200 already entered in the 2018 Melbourne to Osaka Race and the new ORCV double handed inshore and offshore championships, this is a unique opportunity to step into a professionally set-up and ready to go double-handed machine.

The first offshore race that this boat participated in was double-handed in the Melbourne to Stanley early November 2016 where it finished 2nd overall on IRC by a mere 15 minutes from a fully crewed HH42.

It then competed in the 2016 Melbourne to Hobart once again sailing double handed using a fully crewed handicap, and finished 2nd overall on IRC.

Designed by Daniel Andrieu, the Sun Fast 3600 was recently named the [2016 IRC Boat of the Year](#). It also benefits from the latest advances in vacuum-bagged resin infusion to ensure exceptional strength and rigidity while drastically reducing weight.

The lightweight, powerful hull with its hard chine, twin rudders and lead keel contributes to this new Sun Fast's speed, balance and stability on all tacks. Perfectly adapted to solo, doublehanded, and crewed regattas, the Sun Fast 3600 is designed to compete in both inshore and offshore races.

Features include:

- Aggressively chined hull that will significantly enhance performance and stability.
- Semi-square top efficiently shaped mainsail that will provide extra boost in lighter airs and a deliverable powertrain when the breeze is up.
- Twin tiller steering system with generous foot chocks
- Main sheet traveller in front of helm position which is easier for helm when solo and main trimmer when fully crewed.
- Outboard swept back shroud base gives excellent rig stability and optimum jib shape profiles.
- Fixed carbon bowsprit allows optimum use of Code type sails and asymmetrics, whilst still allowing use of symmetric sails if required.
- High volume interior maintains and improves the unbeatable 3200 layout with two large double berths aft, sculptured navigation station, galley, additional berths in the saloon, sail stowage and heads forward.

Local Additions include:

- North Sails 3Di wardrobe, A0, A2, A4, A5, JT, & storm sails
- Karver Furling System
- Karver A0 and JT halyard lock
- Karver Main Reef Locks
- Ronstan Ballslide Mainsail Batten System
